WEDDINGS

WE'RE HERE TO HELP YOU CREATE AN EXPERIENCE FOR A LIFETIME.

We've hosted many intimate weddings. But never one quite like yours. We know that you want your wedding to be as unique as the love it celebrates. And so do we. That's why we offer options covering everything from the hors d'oeuvres at your rehearsal dinner, to your reception. We give you the choices that make your wedding your own. And the help you need to make them wisely.

We're here to help you create an experience for a lifetime. Whether it's the elegance of our Bistro or a private reception in one of our suites, we'll see to it that every detail is handled with as much care and consideration as you'd give it yourself.

IT'S ALL IN THE PREPARATION. AND PERFORMANCE.

We begin by listening to your needs and expectations. Then our wedding planners help you assemble a package that will make your wedding a perfect reality. Below are some of the packages that have worked so well in the past.

Please contact the sales office to discuss menu options. If after viewing these packages you feel some additional items may be needed to satisfy your needs, the sales office can supply you with the menus and pricing information for any additional options. Our executive chef is available for suggestions in customizing the menu to your specific needs.
